

Tropics Cladding

Last Revised 1/17/2020 - A&D

PRODUCT DESCRIPTION

Add character and visual variety to your interior projects with our Tropics Cladding. Comprised of more than a dozen species of wood from Africa, Asia and South America, the colors and grain patterns are rich and varied. The cladding face is made from shipping pallets, diverted from landfills, and offers a third life to this post-industrial waste. The cladding is Certified FSC-Recycled and designed with tongue and groove edges for easy installation with standard tools and techniques.

SPECIFICATIONS
