Olympia, WA

Panel Materials

Rainier Panel
(custom)
Slat Reveal

Panel Size

18" x 27" and
18" x 36"
Thickness 3/4" and 1"

Use

Restaurant

Why Cambio?

"We were wanting to build something that was easy to maintain, scalable, and easy for me to build with. We were able to run all the plumbing, all the drains, the soda fountain lines, all the electrical in the cavity of the wall. The installation of the panels was extremely easy and super-fast compared to putting up dry wall. We have access to all of that because of Cambio wall panels."
