

Cambio by Windfall Case Study OAC

Location
Olympia, WA

Panel Materials
Slat Reveal Color
Block Acoustic
Fabric Acoustic
Felt

Panel Size
18" x 18"
18" x 36"
18" x 54"
36" x 36"

Use
Office/ Conference
Room

Why Cambio?

"Cambio gave us an opportunity to add branding and contrast to our office and is the focal point of the whole space. We used the wall to set our conference area apart from the rest of the open office without traditional walls and ceilings.

We recently decided to add a large monitor in the middle of our Cambio wall. We were able to remove only the panels necessary and add the monitor without disrupting the entire wall and adjacent finishes. We had zero costs for drywall or painting and virtually no mess created in the process."

-Brent Wilcox
